

# KNOWING THE GOSPEL

GODS PLAN AND PURPOSE ACROSS HIS STORY

## VIDEO SCRIPT - THE GOSPEL IS A STORY

As a follower of Jesus, you had heard and responded to the gospel. Jesus came “proclaiming the good news of God.” So, what is the gospel? What is this good news?

The gospel is a story, the whole story of God as revealed in the Bible. A story that goes from first creation to new creation and at the centre of this story is the coming, death, resurrection and return of Jesus.

The main characters in this story are God Himself (God the Father, Jesus, and the Holy Spirit). The Bible is primarily all about God reveal himself.

The secondary characters are all that God created. This includes us. You and me!

The Bible is the story of God and his creation. It is about the creator God who established a world, a place, a kingdom.

It’s a story about a people who God created to live in this world and have relationship with him. To live as representative of God but also to look after his creation.

It is about a problem caused, when people (Adam and Eve) disobeyed God and had to leave their place with God. This means that we are all separated from God, no longer in relationship with Him.

It a story about God who planned to lead his people back to himself and their rightful place by speaking through people like prophets, priests, and kings. He shared and showed a repeated message of hope. A hope only He could bring.

It is a story about God sending his Son (Jesus) to do what no one else could do, to rescue everyone from their disobedience. It is a story about God sending his Son Jesus as the Messiah, the King to re-establish our relationship with God.

It is a story of a people who are called to follow their God. Follow Jesus. Looking forward to when we will be back in God’s presence again.

It is a story that is an invitation to be a part of God’s plan to restore God’s people, in God’s place, living out Gods plan.

It is one big story, the Bible, made up of many stories. Each small story pointing to the big story. God’s story.

God’s plan to take people from where they were to where He designed them to be. In relationship with Himself. This is the gospel. Good news!
